

## Realize your product promise with ANSYS

You are invited to TENZOR Conference dedicated to bring you an update on ANSYS products including *Fluid Dynamics & Structural Mechanics & Electromagnetic Low Frequency* by Europe and Israeli experts

**Location :** "Hayahalom" Theatre

**Address :** Heytzira 3 St. Ramat-Gan.    **By train:** get off at Tel Aviv – Savidor Center

Time	Presentation	Presenter
0830 – 0930	Coffee and Tags	
0930– 0945	Welcome	TENZOR and ANSYS Management
0945 – 1015	ANSYS Inc. message	Adrian Booth - ANSYS Management
1015 – 1040	ANSYS R17 – Highlights	Maciej Ginalski – Technical Services Manager
1040– 1100	Break	
1100 – 1130	Mechanical Lecture – SMA in Bio-Med applications	Roey Honig - TENZOR
1130 – 1200	ANSYS Topology Optimization & Reverse Engineering	Maciej Ginalski – Technical Services Manager
1200 – 1215	ANSYS AIM (ANSYS Integrate Multiphasic ) V17.1	Maciej Ginalski – Technical Services Manager
12:15 - 12:30	Multiphysics Simulation – Maxwell \Simplorer\Mechanical	Roey Honig - TENZOR
1230 – 1330	Lunch	
1330 – 1350	ANSYS FENSAP - Simulate Ice-accretion with Ice Protecting Systems capability	Yoram Dayan - TENZOR
1350 - 1410	ANSYS Application Customization Toolkit for Ansys Explicit Solver	Naor Sasson - TENZOR
1420 -1440	The update HPC+GPU hardware	Michael Gladshtein - CD Log
1440 - 1500	Using Ansys WB environment in a rapid design cycle environment	Rafael
1500 – 1530	Break	
1530 – 1600	Round Table with ANSYS Management + Experts +Summary	ANSYS Management / TENZOR

Time is your most important commodity in robust design simulation, therefore, during the brake, visit the CD-Log stand presenting :  
HPC cluster , High performance workstation, NVIDIA GPU, Infiniband, Intel Xeon Processors, Storage, Software portfolio to manage clusters etc..

**Notes:**

- Participation is free of charge
